

"They were there with just the right amount of care and compassion."

"I will be forever thankful."

*"I am told they saved my life."*

"Because of your constant efforts and great care, my aunt and uncle are alive today."

**"Thank you all for being there for all of us."**

Dear Neighbor,

Susan didn't feel right.

*"I experienced a heart attack and called 911. Your ambulance team arrived very quickly and performed very efficiently and professionally. I am told they saved my life."*

I love seeing notes like this. They remind me of why we do what we do: care for your friends, neighbors, and family...maybe even you.

For over 55 years, generous people like you have supported exceptional emergency medical care in Perinton. Your donations were invested in ambulances, stretchers, and cardiac monitors. You funded free CPR, First Aid, and Stop the Bleed training for your friends and neighbors.

Most of all, you've helped make Susan's story possible.

Your donation today helps maintain the level of service your community deserves.

*"When we give cheerfully and accept gratefully, everyone is blessed." ~ Maya Angelou*
